RE: C & D Recycling
Foster Township, PA
(transportation of cable casings to NJ)

Dear Mr. Worob:

Per our telephone conversation today, this letter is to request the approval of the State of New Jersey Department of Environmental Protection (NJDEP) to have cable casings baled at the Lowenstein Industries, Inc., facility in Elizabeth, NJ.

NJDEP previously approved the use of the Zozzaro Bros. facility in Clifton, NJ. Zozzaro Bros. is now very busy baling cans, paper and cardboard resulting from municipal recycling programs and does not have the capacity to bale our cable casings. I have enclosed prior correspondence with the NJDEP pertaining to the cable casings.

We desire to begin transporting the cable casings to Lowenstein Industries on or about September 6, 1988, and would appreciate your prompt attention. Please call me on (Tel 201-851-3383) if you need additional information.

Your assistance is appreciated.

Sincerely,

Larry A. Elder
Senior Engineer
